TODD CREAGER

Consultant - Speaker - Psychotherapist - Coach

SPARK UP YOUR RELATIONSHIPS

Why be stalled because you cannot communicate your wants and needs?

Bring out the best in yourself and the best in others and rock your relationships

Whether you are trying to turn up the heat in your marriage, develop deeper inter-personal relationships, or become a star in your career, you can break out of the status quo to achieve new levels of success, intimacy, and passion once you learn how to communicate more effectively.

Todd Creager, a Relationship Therapist, Coach, and Consultant in Orange County, CA, specializes in helping couples, individuals and corporations achieve their goals by bringing out the best in themselves and others. Author of *The Long Hot Marriage*, Todd is passionate about helping couples have better communication, have more

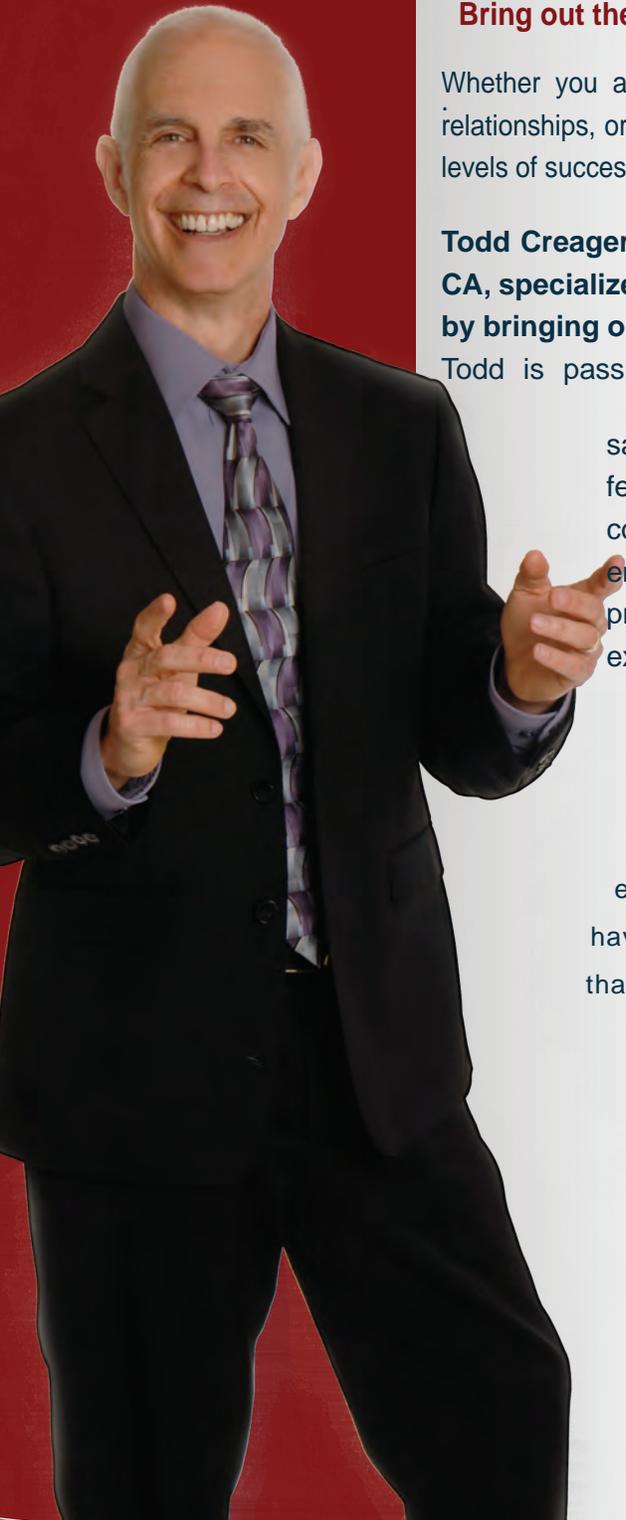

satisfying sexual lives, heal from the pain and crises in their marriages, and feel closer to each other than ever before. Through his career, Todd has also coached businesses on team building and conflict resolution and helped entrepreneurs come to terms with their goals, passions, and unique skills. His presentations never fail to excite the audience and make them eager to examine themselves and their relationships.

**Audiences and critics agree:
Todd nails the dynamics of relationships.**

"Todd Creager does a wonderful job at showing you how to develop the emotional muscle and skills to overcome the challenges and obstacles to having an alive, passionate relationship. He does it in a straightforward style that challenges you to be more interpersonally creative." --John Gray, author of *Men are From Mars, Women are From Venus* and *Why Mars*

SPEAKING TOPICS

- ▶ Secrets To the Long Hot Marriage
- ▶ Great Communication, Great Sex
- ▶ Success From the Inside Out: The Art of Money and Love

Interested in spicing up your next conference, workshop, seminar, or retreat? Todd Creager is anxious to speak to your group on any of his signature topics or on a related topic important to your group. During his engaging presentation, Todd encourages audience interaction with role play and questions and answers, so your group members come away smiling, energized, and ready to take action in their own lives.

Secrets To the Long Hot Marriage

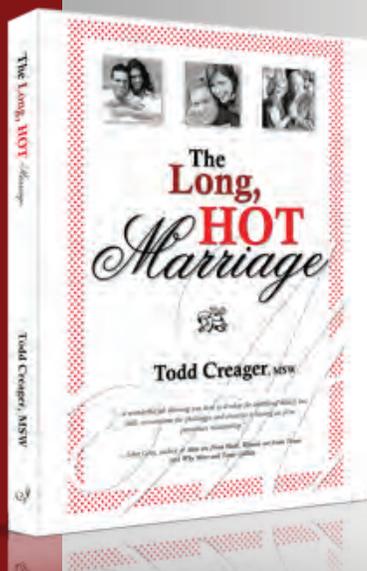

As with any relationship, even marriages that start out hot cool off a bit as life goes on. Maintaining the intensity with your partner that keeps the fire burning may become a challenge, and your relationship can become tepid, boring, and even painful as the pressures of daily life overwhelm you. Todd reveals how to push past the pain of life and rediscover the deep bonds that brought you together.

Great Communication, Great Sex

Great sex starts at breakfast when you ask your partner to pass the toast. If you can't communicate well with your partner on the mundane, or if your daily interactions are dry and lifeless, you may find it hard to ignite the sheets. Reconnecting with your partner and strengthening the emotional bonds between you will lead to a rekindling of your sexual bonds.

Success From the Inside Out: The Art of Money and Love

How you perceive yourself and others not only influences, but even limits your success. You say you want success, but may resist moving forward to grab it. Good news! You can develop perceptions that make you feel safe enough to reach out and create more success in your career, marriage, and other relationships. As you put your own fears behind you, you will find yourself becoming more receptive to others, which enables you to build relationships that will aid your success.

Secrets To the Long Hot Marriage

No book can assure you a trouble-free life, but if your relationship is strong, you can endure pain and hard times, while still enjoying great sex, intimacy, and communication. The Long Hot Marriage offers such a mind-blowing, yet simple approach to increasing intimacy and dialing up your sex life that I recommend you buy this book even if you buy nothing else. I think this is so important that I have included it in many packages and created a companion cd.
